2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: The Final Office action, mailed 26 February 2008, states at page 2:

"This application contains claims 1 and 6-15, drawn to an invention nonelected with traverse in the reply filed on 01 August 2007. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01. This application contains claims 1 and 6-15, drawn to an invention nonelected with traverse in the reply filed on 01 August 2007. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01."

A review of the Rule 1.116 response finds that applicant has neither cancelled nor taken any appropriate action towards the non-elected claims. It is further noted that an assertion has been made that the restriction was not made final. However, the non-final Office action, mailed 6 September 2007, states at page 3:

"4. The requirement is still deemed proper and is therefore made FINAL."
